*For a decade, these current and former volunteers made a difference in the lives of their neighbors and planted the seeds of a nonprofit community service organization that continues to thrive and serve our beloved community of Mill Creek Towne. Over those 10 years, these good neighbors dedicated more than 12,000 person hours and tremendous in-kind support to:*

- lead and manage the Village and ensure it remained financially and operationally viable, without requiring dues, service fees or paid professional staff;*
- provide transportation assistance, friendly home visits, check-in calls and grocery shopping more than 1,500 times for elderly and disabled residents;*
- publish more than 260 issues of our e-newsletter, "Mill Creek Towne News;"*
- produce and manage an informative website that houses among other things a photo gallery of neighborhood event memories and many resources;*
- moderate a popular Facebook page with more than 300 postings annually about items of interest to residents; and*
- host and get flyers out to every household for more than 60 free neighborhood social events that drew more than 3,000 participants.*

*Thank you, Mill Creek Village volunteers, for all you have contributed to our community since 2013. Tonight, we celebrate you and the organization you made possible! With your support and the help of future volunteers, our Village will continue to promote a caring, socially connected community, while lending a helping hand to our elderly and disabled neighbors to support their efforts to age well in their homes, avert social isolation and maintain their independence.*
